***NextGenerationEU Funding Acknowledgement***

*Gaelscoil Chluain Meala received a grant in 2021 to implement initiatives aimed at addressing the digital divide and support our learners at risk of educational disadvantage as a consequence, as part of the Irish National Recovery and Resilience Plan (NRRP), a project under the Recovery and Resilience Facility funded by the European Union through NextGenerationEU. This funding was used to invest in technology such as tablets and laptops, enhance digital infrastructure, and provide targeted digital learning supports to ensure that all students, particularly those at risk of educational disadvantage, have access to the tools they need to succeed.*

We are grateful for this support, which has helped us strengthen digital inclusion and promote equitable learning opportunities across our school community.
